### Rejoice Always.

Rejoice in the glow of the morning  
When the sun scatters darkness away,  
And tinges the hilltops with glory  
To welcome the coming of day.

When the songsters their matins are singing  
With praise, in the meadow and grove,  
And awakened creation is bringing  
Its tokens and tributes of love.

Rejoice in the glory of noon-day,  
When ocean and mountain and plain  
Are swathed in a halo of splendor,  
Or refreshed by the bountiful rain.

Rejoice in the coming of twilight  
When the sun gilds in splendor the West,  
And the thrush sweetly carols "good night,"  
As Nature is sinking to rest.

The morning, the noon, and the evening,  
Their voices in harmony raise;  
Each speaks of the love of their Maker  
And calls for an anthem of praise.

## RELIANCE LINE.

### GASOLINE ENGINES

### Used all winter.

Dear Sir: I am glad to say that the Reliance Woodpecker engine #4 h. p. purchased of you last fall, has given me entire satisfaction. It develops fully its rated power, easily kept in order, is easy to start and always starts and I consider it an ideal power for farm use. Last winter I saved quite a lot of wood with drag saw for my neighbors and in every case gave entire satisfaction. Can cut four cords of maple wood an hour and by selecting logs can cut five cords. Can cut a big two-horse load of ensilage corn, 1/2 inch long in 10 to 12 minutes.

Have also used engines for threshing, running circular saw and cream separator with equally good results.

Very truly yours,  
L. M. HOGABOONE,  
Did you ever hear of TROUBLES in connection with a Reliance?
